PRODUCT LIST

ANODES:

Aluminium
Anodes hooks
Bronze
Graphite
Iron
Iron - ARMCO
Tin
Tin – Lead 90/10; 70/30; 60/40
Tin - Zinc
Cobalt
Copper (alloyed with phosphorus)
Copper (without phosphorus)
Brass
Stainless steel
Nickel
INCO - nickel
Lead and lead alloys
Accessories
Platinous titanium
Titanium baskets
Titanium profiles
Bags for baskets and anodes
Chromium anodes
Zinc and zinc alloys

SOLVENTS:

Acetone
Ethyl acetate
Ethyl alcohol
Isopropyl alcohol
Methanol

BASIC CHEMICALS:

Activated carbon
Aluminium sulphate
Ammonium chloride
Ammonium bifluoride
Ammonium persulfate
Ammonium sulphate
Ammonium chloride
Ammonia 25% solution
Barium carbonate
Barium chloride
Bentonite
Boric acid
Hydrogen peroxide
Ethyl silicate
Ferrous sulphate
Cadmium oxide
Tin oxide
Tin sulphate
Potassium carbonate
Potassium metabisulphite
Potassium nitrate
Potassium hydroxide
Potassium permanganate
Potassium persulphate
Potassium sulphate
Potassium chloride
Potassium chloride, pure
Cobalt, powder
Cobalt
Cobalt carbonate
Cobalt nitrate
Cobalt oxide
Cryolite, synthetic
Magnesium sulphate
Manganese sulphate
Copper sulphate, pure
Sodium acetate
Sodium dichromate dihydrate
Sodium carbonate
Sodium metabisulphite
Sodium nitrate
Sodium nitrite
Sodium hydroxide
Sodium hydroxide, flakes
Sodium stannate
Sodium sulphate
Sodium sulphide, technical
Sodium sulphide, pure
Sodium tripolyphosphate
Sodium hypophosphite
Sodium hypochloride
Sodium chloride
Nickel carbonate
Nickel oxide
Nickel sulphate
Nickel sulphamate
Nickel hydroxide
Nickel chloride
Silver nitrate
Silver sulphate
Stearin
Silica gel
Solid paraffin
Liquid paraffin
Fenoltalein
Chromic acid
Chromic oxide, green
Chromic sulphate
Zinc nitrate, pure
Zinc oxide
Zinc sulphate, technical
Zinc chloride

ACIDS:

Nitric acid
Boric hydrophluoric acid
Lactic acid
Formic acid
Oxalic acid
Acetic acid
Hydrochloric acid
Sulphuric acid
Hydrofluoric acid
Phosphoric acid

CYANIDES:

Potassium cyanide
Potassium-silver cyanide
Copper cyanide
Sodium cyanide
Zinc cyanide

FOR CLEANING OUT OF SEWAGE:

Coagulants
Floculants
