

Since 1994 we know what is important for you!

## PRODUCT LIST

### ANODES:

Chromium anodes  
Cobalt  
Copper (alloyed with phosphorus)  
Copper (without phosphorus)  
Lead and lead alloys  
Nickel  
Tin - Zinc  
Zinc and zinc alloys

### SOLVENTS:

Chloroform  
Cyclohexanone  
Ethyl acetate  
Ethyl alcohol  
Isopropyl alcohol (recycled & pure)  
Methanol  
Methylene chloride

### WAXES:

Natural waxes (Paraffin waxes)  
Synthetic waxes (Microcrystalline waxes)

### BASIC CHEMICALS:

Aluminium sulphate  
Ammonium chloride  
Ammonium bifluoride  
Ammonium sulphate  
Ammonium chloride  
Barium carbonate  
Barium chloride  
Bentonite  
Borax decahydrate  
Borax pentahydrate  
Boric acid  
Cadmium oxide  
Cobalt, powder  
Cobalt  
Cobalt oxide  
Copper sulphate, pure  
Chromium trioxide  
Chromic oxide, green  
Ethyl silicate  
Hydrogen peroxide  
Magnesium sulphate  
Nickel chloride  
Nickel oxide  
Nickel sulphate

Nickel sulphamate  
Potassium carbonate  
Potassium chloride  
Potassium hydroxide  
Potassium nitrate  
Potassium permanganate  
Potassium sulphate  
Silica gel  
Silver nitrate  
Sodium dichromate dihydrate  
Sodium fluoride  
Sodium hydroxide  
Sodium hydroxide, flakes  
Sodium metabisulphite (food & tech)  
Sodium nitrate  
Sodium nitrite  
Sodium stannate  
Sodium sulphate  
Sodium tripolyphosphate  
Stearin  
Tin oxide  
Tin sulphate  
Zinc chloride  
Zinc oxide

### FERTILIZERS:

Ammonium nitrate  
Complex fertilizer (NPK)  
Di ammonium phosphate (DAP)  
Mono ammonium phosphate (MAP)  
Potassium chloride  
Potassium sulphate (SOP)  
Triple superphosphate (TSP)  
Urea

### ACIDS:

Acetic acid  
Hydrochloric acid  
Hydrofluoric acid  
Formic acid  
Nitric acid  
Oxalic acid  
Phosphoric acid  
Sulphuric acid

### Siman Ltd.

Industrial zone, P.O.B. 21, Kazanlak 6100, Bulgaria
